Upcoming Fellowship By: Patrick Hubert

Hello Elemukulek,

Winning sonic a second time is necessary for our great chapter. It is through our hard work and hard cheering that this can be done, with that the theme is North America. I feel like we can crush this fellowship. Also, elections are coming up for our positions and I would like to welcome anyone who thinks VCP is the job for them the opportunity to come and chat after the chapter meeting about their future in the chapter and the lodge. With this (although we have one chapter meeting and 1 fellowship reaming) I would like to thank you for allowing be to be the VCP of Elemukulek Chapter.

VCP,

Patrick Hubert

Hello Elemukulek,

I would like to thank everyone for the effort put towards sonic. Because of our effort, we now have sonic in our own house. I think it should stay with us next fellowship, so please bring you spirit and your cameras and let's cheer for Elemukulek. Also, send those pictures that you take to leelee5253@gmail.com.

Yours in Brotherhood,

Lee Setzer
